

VinCore[®] FLOORING

Pleasure in every touch, quiet, easy to maintain, water-resistant

Rigid vinyl flooring

Collection 2025

WHY VINCORE?

Established in 2020, VinCore Flooring has quickly become a trusted name in the flooring industry, offering high-quality solutions that combine affordability, style, and ease of installation. Our rigid vinyl flooring provides an exceptional price-to-quality ratio, ensuring that customers receive durable, long-lasting flooring without breaking the bank.

We pride ourselves on our diverse range of colours and designs, making it easy for homeowners and businesses alike to find the perfect flooring to suit their aesthetic needs and preferences. Whether you're renovating a single room or outfitting an entire building, our wide selection ensures there's a perfect match for any space.

All of our rigid vinyl flooring is manufactured in a state-of-the-art facility that uses renewable energy and recycled material from internal production, underscoring our commitment to sustainability and environmentally responsible practices. We believe that quality products shouldn't come at the expense of the planet, and our modern production processes reflect this ethic.

VinCore **FLOORING**®

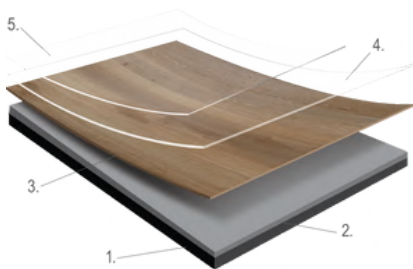

WHAT IS RIGID VINYL FLOORING?

VinCore rigid vinyl flooring uses the most advanced technology and features SPC (stone polymer composite) base made from stone and innovative polymers.

VinCore rigid vinyl flooring is 100% water-resistant and can be installed in wet areas such as kitchens and bathrooms. VinCore rigid vinyl flooring is quiet thanks to integrated underlay that improves sound absorption.

Moreover, it offers warm underfoot and can be installed over underfloor heating system. Its sturdy construction reduces minor subfloor imperfections which makes installation easy and hassle-free.

VinCore is a combination of functionality and timeless design that features all characteristics of natural wood.

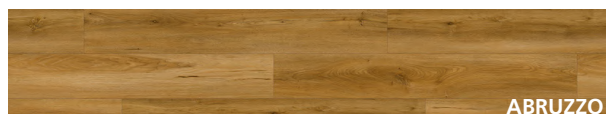

1. Pre-attached **sound-absorbing IXPE underlay**
2. **Composite base** with click system
3. High-resolution **decorative film**
4. Transparent **wear layer**
5. **Anti-scratch** polyurethane matt coating

WOOD

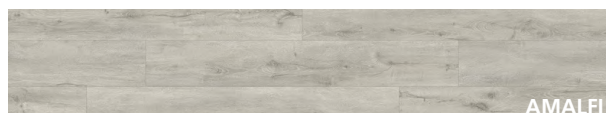

The WOOD collection exudes character and elegance, showcasing the beauty and uniqueness of various wood species.

Each decor is inspired by breathtaking landscapes and the rich heritage of Italy's most iconic regions, blending natural warmth with refined style.

Transform your space with the spirit of Italian artistry and the timeless charm of oak and hickory.

SICILY

PLANK

Plank format: 5 x 180 x 1220 mm.

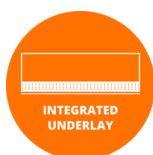

WEAR RATING

Wear class 23/31 (heavy domestic use and moderate commercial use).

CLICK
INSTALLATION

Floating installation (Uniclic click system).

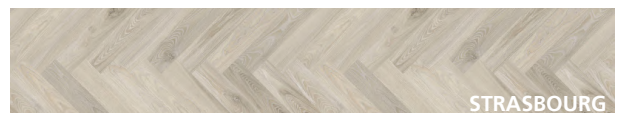

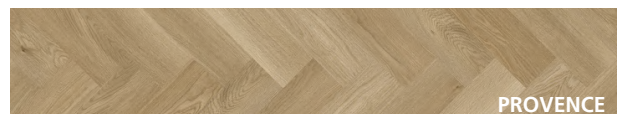

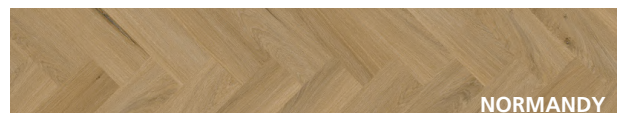

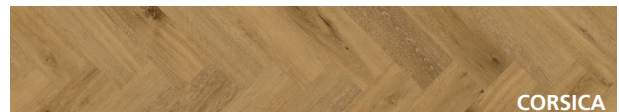

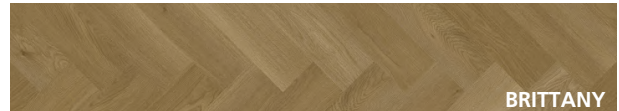

INTEGRATED
UNDERLAY

Pre-attached foam underlay (acoustic insulation up to ΔL_w 19 dB).

HERRINGBONE

A stunning combination of elegance and sophistication.

The HERRINGBONE collection features four classic oak decors and one modern ash decor, all crafted in the iconic herringbone pattern to exude timeless style. Inspired by the picturesque landscapes and architecture of French regions and cities, these captivating colors bring a touch of French charm to any space.

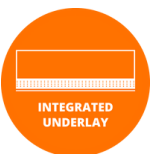

Herringbone format 5 x 125 x 625 mm.

Wear class 23/31 (heavy domestic use and moderate commercial use).

Floating installation (Unidrop X click system).

Pre-attached foam underlay (acoustic insulation up to ΔL_w 19 dB).

WOOD+

WOOD+ is a collection where design meets quality.

Inspired by the captivating architecture of Italian cities, it highlights the natural beauty of oak and ash, embodying the essence of Mediterranean living. Earthy tones and rich textures seamlessly blend into any interior style – from classic to modern. With enhanced board thickness and a reinforced wear layer, this collection is perfect for residential homes as well as high-traffic commercial spaces.
